

Durocher Family Ministry Purposes

To serve the Lord as a Family with our gifts and talents

To encourage the Body

To preach the Gospel

To promote Biblical Family Roles and Relationships and to preserve and protect our county's family values which flow out of the historic Christian Faith of our American heritage.

- One man and one woman together for life
- Divorce is not the answer
- Joy comes from following God's ways in our most vital relationships of the Family
- Husbands Love your wives
- Wives respect your husbands
- Father don't frustrate your kids with your anger
- Children honor your parents and Joy comes from being under your parents authority
- Sexual intimacy is a joy in a marriage relationship and outside of marriage it is immorality and will lead to incredible pain and human suffering.
- The Priority of Home Education: Parents taking responsibility for the training of their children (fulfillment of DT 6 and PV 6:22) Many pastors and folks reading this may be nervous about these 'home schooling parents' coming in to their church and making people feel guilty for not home schooling. We don't do that. We hardly mention home education, other than perhaps that we do it, but we leave some of these deeper issues for our printed literature for those who wish to take further steps and find out more about our lives and motivations.)
- Encouraging parents to break free of the bondage to the worlds system through the strangle hold of the public education system (Again, this is not a major part of our public ministry but follow up information contained in some of our written literature for those who choose to want to seek out further information)

To Instruct God's people through music, testimony, and the publishing of Christian publications, to seek to be obedient to all of the things that he has commanded us until He comes again.

MT. 28:19-20

- God is real and He can be trusted
- God shows up and does miracles in our lives even today.
- Surprising Joy can be experienced as we learn to Trust our Loving heavenly Father.
- Promoting entrepreneurship and godly creativity
- Promoting financial freedom and the principles of financial stewardship

The venues we use are:

Church concerts, outreach / inreach or discipleship, Sunday Morning Worship times with music and instruction, Bluegrass Fairs and Festivals, Community fairs and county fairs, Prison Ministries, Homeless shelters, public music concerts, Recorded Music, & Printed Materials
