## THE SCOOP

Every year we have missions conferences, special events, and numerous youth programs, but what are we doing to reach and encourage families as family units? The family today is in trouble and needs encouragement! Numerous forces are seeking to separate and divide families, even good things like work, school, and sports, but what messages are families receiving about togetherness?

**Having the Durocher's minister for an event at your church could make a big difference in bringing hope and practical help to the families under your church's care**, or families in your community that you may want to reach. People are fascinated with families and especially big families. Sharing our lives, joys, trials, hardships, and victories through song, the Word of God, and multimedia, can be a living parable for today's family. You may have heard the saying, "Truth is more often caught than taught." So it is with interacting with our family. People often come away with new inspiration to be better Dads, Moms, and children who desire to love God and serve others. They see and hear testimonies of ordinary people like themselves striving to live lives pleasing to God through the fun medium of a relaxed time of uplifting music. Take a moment to get to know us and consider how we might best serve the families of your community.

## WHAT OTHERS ARE SAYING:

Exemplary! If I had to pick one word to describe the Durocher family in action, that would be it. Their example of family unity and common commitment to the cause of Christ is exemplary – Our people at Buffalo Free Church are still talking about it. This is the kind of example most Christian families need to see (not to mention those not yet Christian). Thank you, Durochers, for being a part of our lives! Russell Brown, Lead Pastor Buffalo Evangelical Free Church Buffalo MN

"What an incredible evening! We had a great time! I cant believe we had people drive an hour to be here tonight. Your family is very talented and we really appreciated your ministry. We will definitely have you back! Pastor Don McThiessen Milaca Evangelical Free Church

"You Guys are Awesome! Thanks so much for coming to the Capital City Rescue Mission. Please call us when you can come back. The people and staff here really enjoyed your music and your family." Dee Feeney, Capital City Rescue Mission, Albany NY

If I knew your family was so talented. I would have had this place packed out! Next time we will! Ruth Spender, Bethany CT

Its been several months and people are still talking about your time with us... amazing! Joanne Anderson, Grandville MA

## BOOKING INFORMATION

**We are currently booking our Vital Harvest Tour as well as family seminars and conferences for 09 and 2010. Call or email us today to schedule an event. Be sure to check the website for our most recent schedule. The address is on the other side.**

We are a family music ministry and missionary enterprise. We generally do not charge for our ministry but come on a free will offering basis plus expenses. We have all of our own sound equipment and need only power. We do have a cool music video presentation that we can do during intermission called "Reality Family" which features lots of inspiring photo's and video. We do some traditional hymns like The Old Rugged Cross, southern gospel type stuff like I'll fly away, country sounding tunes similar to Randy Travis and Josh Turner, of course we do traditional bluegrass tunes, and contemporary Newgrass, like Mountain Heart, and we love groups like the Isaacs, Cadallic Sky, and Ron Block. Our debut CD is called Vital Harvest and features 12 songs with the whole family. Our second project is currently being produced and we are excited about many improvements in our sound and ministry in general. We look forward to hearing from you! Thanks for stopping by.
